**RETURN TO CIA LIBRARY**

25X1 1. Part of the KROSNO (R 50/Z 74) airfield was reconditioned in 1946. The field was used only by the Soviet Air Force up to March 1949, at which time it was turned over to the Polish Air Force. The buildings have since been improved and the taxiways widened.

2. The field was not occupied up to May 1949. More than 2,000 laborers, including civilians, worked at the field in late May 1949

25X1  Comment:

The correctness of the report cannot be rated as no other reports on the airfield have been received.
